

## Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. E. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nervine and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

## PLUNGER IN WHEAT.

Louisville Man Who Cleared \$100,000 on the Market.

LOUISVILLE, Feb. 22.—William F. Norton, the millionaire owner of the Auditorium theater here, has been the biggest and most successful plunger in wheat this winter in Louisville, and one of the largest outside of Chicago. It is reliably stated that he has cleared \$100,000 on his operations. He began buying about the same time latter did, and, though operating in a much more modest way, his investment has been very large.

When the market got hot he sold out, and when there came a reaction he went in heavily again. At the low point in January he bought 1,000,000 bushels, which he has closed out at a profit of 7 cents a bushel. Mr. Norton has not speculated much since the famous deal engineered by Harper of Cincinnati. He went into that heavily and did not give up until he had dropped \$73,000.

## AT PHILADELPHIA.

President McKinley Delivers an Address at the Academy of Music.

PHILADELPHIA, Feb. 22.—President McKinley, accompanied by his secretary, J. Addison Porter, arrived here last evening over the Pennsylvania railroad. The president was met by Frank Thompson, Charles C. Harrison, provost of the University of Pennsylvania and C. Stuart Patterson. The party was driven to the residence of Mr. Harrison, whose guest the president will be during their stay in the city. The president today delivered an oration at the Washington birthday exercises of the University of Pennsylvania at the Academy of Music.

Last night an informal supper was given by Provost Harrison in honor of the president.

## SELF PUNISHMENT.

Long Fast of a Man Who Thinks He Disobeyed a Call to Preach.

GUTHRIE, O. T., Feb. 22.—S. P. Winslow, of Springfield, Ill., who came here six weeks ago, traveling for an embroidery machine, and later became convinced that he had offended the Holy Ghost and must expiate his sin by fasting, has now fasted for 13 days, looks like a skeleton and is scarcely able to walk.

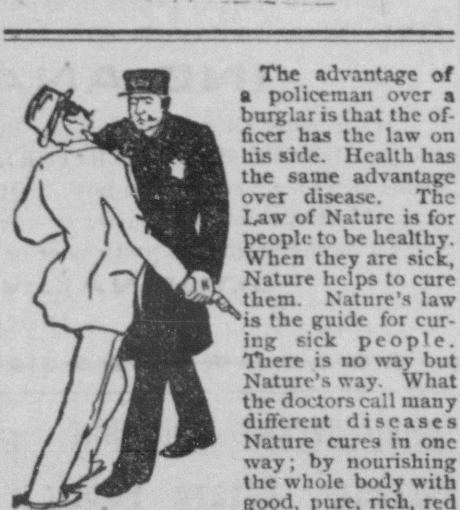

He says he must endure this until he gets a sign from God that he is forgiven for refusing to obey a call to preach the gospel years ago.

He has a family in Springfield and seems to be rational and sane on all other subjects.

## WORKMEN OBJECTED.

Twelve Spanish Flags Pulled Down and Torn Into Shreds.

DAYTON, O., Feb. 22.—The National Cash Register company is holding a convention of agents from all over the world, and, among other countries, Spain is represented. In honor of the various nations the different flags were displayed at the factory. Objection was made to the Spanish flag by the workmen and 12 Spanish flags were pulled down and torn into shreds. John H. Patterson, president of the company, ordered 24 Spanish flags put up to replace the ones torn down. This has made the 2,000 workmen angry and trouble is feared.

The advantage of a policeman over a burglar is that the officer has the law on his side. Health has the same advantage over disease. The Law of Nature is for people to be healthy. When they are sick, Nature helps to cure them. Nature's law is the guide for curing sick people. There is no way but Nature's way. What the doctors call many different diseases Nature cures in one way, by nourishing the whole body with good, pure, rich, red blood. That is Nature's way of curing scrofula, erysipelas, kidney and liver complaints, consumption and every form of eruptive and wasting disease. When you want to help Nature with medicine the medicine must work the same way as Nature works, then it has the laws of Nature on its side to make it powerful. That is the secret of Dr. Pierce's Golden Medical Discovery's wonderful cures. It assists Nature according to her own laws; it is on Nature's side and Nature helps it; it imparts new power to the nutritive and blood making organs to create a large quantity of fresh, red, healthy blood which drives every germ of disease out of the system and builds up strong healthy tissues and solid flesh. The "Discovery" completely clears away every form of blood disease from the system; it cures even consumption. It is the only true radical cure for that disease; facts and testimony to prove it.

"I would like to tell the whole world what your 'Golden Medical Discovery' has done for me. The doctor, who is considered an expert on lung troubles, told me I had consumption. He said both my lungs were diseased and I could not live long. I felt down-hearted for I have dear little children to live for. I just went to him to get his opinion. I am glad I did for now I know what your medicine will do. When I started on the second bottle I was better in every way and was able to take a walk every fine day. I enjoyed my sleep, my appetite was good, and by the time I had finished the second bottle I began to feel like a new woman. I still feel it; it imparts new power to the nutritive and blood making organs to create a large quantity of fresh, red, healthy blood which drives every germ of disease out of the system and builds up strong healthy tissues and solid flesh. The 'Discovery' completely clears away every form of blood disease from the system; it cures even consumption. It is the only true radical cure for that disease; facts and testimony to prove it."

## SIGSBEE TESTIFIES

But the Board of Inquiry Refuses to Give Out Testimony.

## EXPLODED COPPER CYLINDER

Developments at Washington Were of a Negative Character—Captain Sigsbee Making Strenuous Efforts to Recover Bodies—House Leaders' Policy in Cuban Matters.

HAVANA, Feb. 22.—Captain Sigsbee was the first witness before the board of inquiry yesterday. He was under examination until late in the afternoon, after which the board adjourned.

It is probable that no further witnesses will be heard until the board makes a careful personal examination of the wreck.

Captain Sampson of the board, in an interview, said he would be glad to give newspaper correspondents news, but owing to the delicate situation the board had decided to make nothing whatever public. He said the board did not know what testimony may develop or when, and it was only fair to the Spanish government not to tell the public the testimony until all had been received and the findings considered.

He continued: "This rule is absolute. Due care will be taken for the rigid enforcement of it, and all stories purporting to come from the court should be set down as false."

Consul General Lee says the Spanish officials are not interfering with the investigation into the causes of the disaster. This morning he escorted the officers of the court of inquiry to pay visits of ceremony to the captain general and to Admiral Mantuela.

The divers have found a copper cylinder used in conveying charges to the 6-inch guns. The fact that it had exploded seems to show that there was an explosion in the magazine for fixed ammunition on the port side, forward.

## MAINE DISASTER.

News at Washington Not Exciting—Special Telegraph Service Discontinued.

WASHINGTON, Feb. 22.—Developments in the Maine disaster yesterday were of a negative character, greatly to the disappointment of a considerable number of persons who were looking for some startling discovery by a diver working in the sunken hull.

For very obvious reasons Captain Sigsbee at Havana is making the most strenuous efforts to hasten the recovery of the bodies, probably nearly 100 in number, still imprisoned in the wreck of the Maine. It was a knowledge of the captain's desire that probably led Consul General Lee to notify the state department of the need for more divers. This had the desired effect, for the navy department took action to send more help.

Admiral Sicard telegraphed from Key West yesterday afternoon that he had sent five divers to Captain Sigsbee, and asked if that was sufficient. The admiral was directed to put himself in communication with Captain Sigsbee and learn his needs at first hands.

The business of the navy department is getting back to its normal condition, as is evidenced by the fact that an order has been issued to discontinue the special telegraph service which was established with Key West, and hereafter the office at that place will close at 10 o'clock at night as formerly. Commander Forsythe, the commandant at Key West, has also asked permission of the department to stop his daily bulletins and this has been granted.

## HOUSE POLICY.

Leaders Will Attempt to Keep Cuba in the Background.

WASHINGTON, Feb. 22.—It is stated that it will be the policy of the house leaders to prevent, as far as possible, any agitation of matters relating to Cuba or the Maine disaster in the immediate future. Pending the result of the official investigation they believe it is wise and the part of good public policy to maintain silence.

It is understood that the report of this state department to be made in answer to the house resolution of inquiry regarding the situation in Cuba will not be made for a week or 10 days. It is explained that the work of preparing the consular reports which will be transmitted will require considerable time. Besides these reports, it is stated, must be scanned by Assistant Secretary Day in person and demands upon his time at present are very great and he has little leisure to give to this work.

## MILLERS AND MIXED FLOUR.

WASHINGTON, Feb. 22.—The hearing on the Pearce wheat flour adulteration bill was closed yesterday by a ways and means committee of the house. M. H. Davis of Shelby, O., president of the Winter Wheat Millers' league, made an urgent plea for the bill as having the approval of the organized milling interests of the country. H. S. Kennedy of Minneapolis cited chemical analyses of adulterants to show injurious ingredients; that the excess of starch could not be otherwise than deleterious to health. J. J. Hanshew of Lansing, Mich., said the millers wanted all mixed flour branded to show its true nature, but they had reached no conclusion yet as to the advisability of taxing these products.

## Takes Justice Field's Circuit.

WASHINGTON, Feb. 22.—In making the new allotment of justices to the various circuits the chief justice yesterday assigned Associate Justice McKenna to the Ninth circuit. He succeeds Justice Field in this circuit.

## GIRL'S HEROIC ACT.

Stays in a Burning Hotel Awakening Guests and Has a Narrow Escape.

PRESCOTT, A. T., Feb. 22.—A disastrous fire occurred here yesterday, resulting in the total destruction of the Johnson House, a hotel owned by Miss Christine Johnson. The house contained between 20 and 30 guests and the fire made such headway that they lost nearly everything and many had hair breadths escapes. No fatalities occurred, but a number of persons were seriously injured. Dr. D. P. Kaynor was seriously burned about the head, feet and back. Doctors have expressed small hopes of his recovery. Charles Perkins jumped from the second story and sustained injuries of the spine. S. H. Garrett, a stenographer, jumped from the third story and was also injured in the spine and otherwise bruised.

Annie Pierson, a chambermaid, discovered the fire and remained in third story awakening guests till the flames had closed every avenue of escape by the stairways and she was compelled to crawl through a window to the Mansard roof, where she was rescued badly burned.

## FOR MURDER.

Illinois Editor Placed on Trial For Killing J. R. Richards.

CARLEVILLE, Ills., Feb. 22.—The trial of Captain Fenwick Y. Headley, charged with the killing of John R. Richards in June last, was commenced yesterday. Headley is editor of the Bunker Hill Gazette, a soldier of the civil war, and served as a member of the staff of General Walter G. Gresham. His victim was mayor of Bunker Hill and a millionaire. There was a young woman in the case and the men had been at sword's points for a long time. Headley shot his victim down on the street. The trial promises to be extremely sensational.

## STATE LIBRARIANS.

They are Holding Inter-State Convention in Chicago.

CHICAGO, Feb. 22.—The first inter-state librarians' conference of the central western states is in session at the Northwestern University in this city. Delegates are present from Ohio, Michigan, Illinois, Wisconsin, Minnesota, Iowa and Indiana. Dr. Henry Wade Rogers, president of the Northwestern University, welcomed the delegates and spoke strongly in favor of librarians organizing a permanent organization. He said the east has formed associations of this kind and today their libraries are established on a basis of far more assistance to the colleges and schools than the libraries in the west.

## STATE MILITIA.

Pennsylvania Officer Receives Orders to Secure Names of All Enlisted Men.

READING, Pa., Feb. 22.—Captain Samuel Willits of the Reading artillery says that their quartermaster has received orders to secure the name and residence of every enlisted man and to verify the same, so that in case they are needed the members will be ready to rendezvous at any place within 24 hours. Another military company of 60 men has been formed and efforts are being made to increase the number to 300 within the next three days.

## THREE BURNED TO DEATH.

Mother Loses Her Life in Attempting to Save Her Child.

ORILLIA, Ont., Feb. 22.—Three members of the family of James Arthur, a Rama township settler, lost their lives in a fire which destroyed their home. Mrs. Arthur and two sons aged 9 and 16, respectively, were the victims. The mother lost her life trying to rescue the younger boy. Agnes, an 18-year-old daughter, and the father were seriously burned.

## Sundry Civil Bill.

WASHINGTON, Feb. 22.—A sweeping reduction of over \$8,000,000 from the amount carried by the current law is made in the sundry civil appropriation bill, reported to the house yesterday, the aggregate appropriation carried being \$44,749,863. The total is \$13,234,451 less than the regular and supplemental official estimates made for the fiscal year 1899, and \$8,861,890 less than the appropriations made for the current fiscal year.

Reduced the Prices of Corn to Shippers. SPRINGFIELD, Ills., Feb. 22.—The state board of railway and warehouse commissioners have prevailed upon the Union Stockyards, Chicago, to reduce the price on corn to shippers. The former price, \$1 per bushel, is reduced so as to be satisfactory to the live stock shippers of the state. Several attempts have been made to accomplish this by legislation, but the efforts failed.

## Returned the Flag.

CONCORD, N. H., Feb. 22.—Mrs. P. P. Chase of Lancaster, sister of the late Colonel Cross of the Fifth New Hampshire Volunteers, has returned to the Fourth North Carolina Volunteers, O. S. A., the battleflag captured from that regiment by her brother's regiment at Antietam.

Rt. Rev. Robert C. Billings Dead.

LONDON, Feb. 22.—Rt. Rev. Robert Claudius Billings, D.D., bishop suffragan of Bedford, is dead. He was prebendary of St. Paul's Cathedral in 1886 and resigned his work as bishop suffragan for North and East London in 1895.

## Fishermen Alive and Well.

MARINETTE, Wis., Feb. 22.—The 12 fishermen who started from Green island for Marinette during the blizzard and were thought to have been lost have been located, alive and well.

## Amos R. Eno Dead.

NEW YORK, Feb. 22.—Amos R. Eno, proprietor of the Fifth Avenue hotel, is dead, aged 88 years. He had amassed a fortune estimated at \$15,000,000 by operation in city real estate.

## SHIP ALFONSO XII

Changed Her Moorings Just Before the Maine Blew Up.

## HAD BEEN NEAR THE MAINE.

Passengers on the Ward Line Steamer Segurana Tell of What They Heard and Saw at Havana—Spanish Flags Not at Half Mast—Stoned at the Victims' Funeral.

NEW YORK, Feb. 22.—The Ward line steamer Segurana has arrived at quarantine from Tampico and Havana. She arrived at Havana on the morning after the disaster to the Maine and passed close by the wreck. The Segurana's passengers say that great excitement prevailed at Havana and, at the time of sailing, the foreign population were generally of the opinion that the Maine was destroyed by design. They cited among other things in support of this theory the fact that the Spanish man-of-war, Alfonso XII, which was anchored near the Maine, changed her moorings just previous to the disaster.

C. P. Holcomb of Newcastle, Del., general manager of a street railway in Philadelphia, one of the passengers on board the Segurana, said:

"I went to Havana not at all in sympathy with the insurgents, but on Wednesday when we got to Havana I believe any of the Americans on board was in a mood to commit murder. The flags of the Spanish warships were not at half mast. The vessels of all other nationalities had paid this slight tribute to the dead."

"The contrast between the bearing of the Spaniards and the Cubans is strong. At the funeral of the Maine's seamen, the Cuban women in the streets were almost all dressed in mourning while the Spanish women wore colors. The only American flags I saw in the whole procession were two small ones about three by six inches. I went aboard the Alfonso XII and was received politely. Broke His Toilet Bottles.

The only expression of regret I heard there was from an officer who complained that the force of the Maine explosion had broken his toilet bottles. There can be no mistaking the indifference of the Spaniards in Havana over the loss of the warship and those on board. On Thursday, while driving to the cemetery with two American friends, I was assailed with jeers and someone threw a large stone at our carriage."

F. W. Bobbett of this city, who was with Mr. Holcomb in the carriage, added: "That's perfectly true. In fact, children yelled after us that they had blown up the 'Americano,' and that they were glad of it. I did not hear a single expression of regret for the terrible loss of life from any Spaniard during the time I was in Havana."

Frank Weinheimer, an eye witness of the explosion and a fellow passenger of Mr. Holcomb, said: "On Tuesday evening I strolled down to the river front for a breath of fresh air. I was about 300 yards from the Maine. The first intimation I had of an explosion was a crunching sound. Then there came a terrible roar. It looked as though the whole inside of the ship had been blown out. Many persons on the pier were nearly thrown from their feet by the force of the explosion. The air became stifling with smoke."

Mr. Weinheimer said he heard an excited Spaniard declare shortly after the explosion that if the Americans sent another warship it also would be blown up.

## Received in a Frigid Manner.

NEW YORK, Feb. 22.—When Captain Enlat called on Mayor Van Wyck, after visiting Admiral Bunce, he was received in the most frigid manner possible—no special honors whatever being shown him. It is probable the Vizcaya will leave this port Thursday.

## MRS. WILLIAM C. WHITNEY.

Serious Accident Overtakes the Lady While Riding After Hounds.

AIKEN, S. C., Feb. 22.—While following the deer hounds yesterday Mrs. William C. Whitney, wife of ex-Secretary of the Navy Whitney, was knocked from her horse and quite seriously hurt. Mr. Whitney and wife with a party of 35 or 40 friends were out on a deer hunt two miles from the city at Robinson's park. Mrs. Whitney was among the leaders and was riding at a fast gallop along a narrow path, a short distance from the roadway. Nailed across the path was a scantling which Mrs. Whitney did not see until too late. She was riding so fast she could not stop in time to save herself and was carried directly against the piece of wood. She was struck in the forehead and knocked from her horse. Luckily her saddle stirrup was of the safety pattern and her foot did not catch when she was thrown to the ground. When picked up she was unconscious and had a long ugly gash just above the eyes. She was carried to her palatial residence in this city where Dr. Valentine Mott, of New York, who was in the party, attended to her injuries. He pronounced her wounds very painful and said that she would be confined to her room for some time.

## Senate and House.

WASHINGTON, Feb. 22.—It was private bill day in the house yesterday and most of the time was consumed in passing pension bills. There was a spirited contest over the bill to pay Newberry college in South Carolina \$15,000 damages by federal troops, but it was finally passed. For three hours the senate discussed the bill providing for taking the 12th census and then adopted the Allen resolution instructing the naval committee to investigate the sinking of the Maine in Havana harbor.

**Dr. J. C. PATENT**  
I would like to tell the whole world what your  
'Golden Medical Discovery' has done for me.  
The doctor, who is considered an expert on lung  
troubles, told me I had consumption. He said  
both my lungs were diseased and I could not live  
long. I felt down-hearted for I have dear little  
children to live for. I just went to him to get his  
opinion. I am glad I did for now I know what  
your medicine will do. When I started on the  
second bottle I was better in every way and was  
able to take a walk on every fine day. I enjoyed  
my sleep, my appetite was good, and by the time  
I finished the second bottle I began to feel  
like a new woman. I still had a cough, so I got  
a third bottle and by the time it was half gone I  
was completely cured."

PLUNGER IN WHEAT.

Louisville Man Who Cleared \$100,000 on the Market.

LOUISVILLE, Feb. 22.—William F. Norton, the millionaire owner of the Auditorium theater here, has been the biggest and most successful plunger in wheat this winter in Louisville, and one of the largest outside of Chicago. It is reliably stated that he has cleared \$100,000 on his operations. He began buying about the same time Lester did, and, though operating in a much more modest way, his investment has been very large.

When the market got high he sold out, and when there came a reaction he went in heavily again. At the low point in January he bought 1,000,000 bushels, which he has closed out at a profit of 7 cents a bushel. Mr. Norton has not speculated much since the famous deal engineered by Harper of Cincinnati. He went into that heavily and did not give up until he had dropped \$73,000.

AT PHILADELPHIA.

President McKelvey Delivers an Address at the Academy of Music.

PHILADELPHIA, Feb. 22.—President McKelvey, accompanied by his secretary, J. Addison Porter, arrived here last evening over the Pennsylvania railroad. The president was met by Frank Thompson, Charles O. Harrison, provost of the University of Pennsylvania and C. Stuart Patterson. The party was driven to the residence of Mr. Harrison, whose guest the president will be during their stay in the city. The president today delivered an oration at the Washington birthday exercises of the University of Pennsylvania at the Academy of Music.

Last night an informal supper was given by Provost Harrison in honor of the president.

SELF PUNISHMENT.

Long Fast of a Man Who Thinks He Discovered a Cure for Cancer.

GUTHRIE, O. T., Feb. 22.—S. P. Winslow, of Springfield, Ill., who came here six weeks ago, traveling for an embroidery machine, and later became convinced that he had offended the Holy Ghost and must expiate his sin by fasting, has now fasted for 18 days, looks like a skeleton and is scarcely able to walk.

He says he must endure this until he gets a sign from God that he is forgiven for refusing to obey a call to preach the gospel years ago.

He has a family in Springfield and seems to be rational and sane on all other subjects.

WORKMEN OBJECTED.

Twelve Spanish Flags Pulled Down and Torn Into Shreds.

DAYTON, O., Feb. 22.—The National Cash Register company is holding a convention of agents from all over the world, and, among other countries, Spain is represented. In honor of the various nations the different flags were displayed at the factory. Objection was made to the Spanish flag by the workmen and 12 Spanish flags were pulled down and torn into shreds. John H. Patterson, president of the company, ordered 24 Spanish flags put up to replace the ones torn down. This has made the 2,000 workmen angry and trouble is feared.

The advantage of a policeman over a burglar is that the officer has the law on his side. Health has the same advantage over disease. The Law of Nature is for people to be healthy. When they are sick, Nature helps to cure them. Nature's law is the guide for curing sick people. There is no way but Nature's way. What the doctors call many different diseases Nature cures in one way; by nourishing the whole body with good, pure, rich, red blood. That is Nature's way of curing scrofula, erysipelas, kidney and "liver complaint," consumption and every form of crupit and wasting disease. When you want to help Nature with medicine the medicine must work the same way as Nature works, then it has the laws of Nature on its side to make it powerful. That is the secret of Dr. Pierce's Golden Medical Discovery's wonderful cures. It assists Nature according to her own laws; it is on Nature's side and Nature helps it; it imparts new power to the nutritive and blood-making organs to create a large quantity of fresh, red, healthy blood which drives every germ of disease out of the system and builds up strong healthy tissues and solid flesh. The "Discovery" completely clears away every form of blood-disease from the system; it even cures consumption. It is the only true radical cure for that disease; facts and testimony to prove it.

I would like to tell the whole world what your 'Golden Medical Discovery' has done for me. The doctor, who is considered an expert on lung troubles, told me I had consumption. He said both my lungs were diseased and I could not live long. I felt down-hearted for I have dear little children to live for. I just went to him to get his opinion. ## SIGSBEE TESTIFIES

But the Board of Inquiry Refuses to Give Out Testimony.

### EXPLODED COPPER CYLINDER

Developments at Washington Were of a Negative Character—Captain Sigsbee Making Strenuous Efforts to Recover Bodies—House Leaders' Relief in Cuban Matters.

HAVANA, Feb. 22.—Captain Sigsbee was the first witness before the board of inquiry yesterday. He was under examination until late in the afternoon, after which the board adjourned.

It is probable that no further witnesses will be heard until the board makes a careful personal examination of the wreck.

Captain Sampson of the board, in an interview, said he would be glad to give newspaper correspondents news, but owing to the delicate situation the board had decided to make nothing whatever public. He said the board did not know what testimony may develop or when, and it was only fair to the Spanish government not to tell the public the testimony until all had been received and the findings considered.

He continued: "This rule is absolute. Due care will be taken for the rigid enforcement of it, and all stories purporting to come from the court should be set down as false."

Consul General Lee says the Spanish officials are not interfering with the investigation into the causes of the disaster. This morning he escorted the officers of the court of inquiry to pay visits of ceremony to the captain general and to Admiral Manteola.

The divers have found a copper cylinder used in conveying charges to the 6-inch guns. The fact that it had exploded seems to show that there was an explosion in the magazine for fixed ammunition on the port side, forward.

### MAINE DISASTER.

News at Washington Not Exciting—Special Telegram Service Discontinued.

WASHINGTON, Feb. 22.—Developments in the Maine disaster yesterday were of a negative character, greatly to the disappointment of a considerable number of persons who were looking for some startling discovery by a diver working in the sunken hull.

For very obvious reasons Captain Sigsbee at Havana is making the most strenuous efforts to hasten the recovery of the bodies, probably nearly 100 in number, still imprisoned in the wreck of the Maine. It was a knowledge of the captain's desire that probably led Consul General Lee to notify the state department of the need for more divers. This had the desired effect, for the navy department took action to send more help.

Admiral Sigsbee telegraphed from Key West yesterday afternoon that he had sent five divers to Captain Sigsbee, and asked if that was sufficient. The admiral was directed to put himself in communication with Captain Sigsbee and learn his needs at first hands.

The business of the navy department is getting back to its normal condition, as is evidenced by the fact that an order has been issued to discontinue the special telegraph service which was established with Key West, and hereafter the office at that place will close at 10 o'clock at night as formerly. Commander Forsythe, the commandant at Key West, has also asked permission of the department to stop his daily bulletins and this has been granted.

### HOUSE POLICY.

Leaders Will Attempt to Keep Cuba in the Background.

WASHINGTON, Feb. 22.—It is stated that it will be the policy of the house leaders to prevent, as far as possible, any agitation of matters relating to Cuba or the Maine disaster in the immediate future. Pending the result of the official investigation they believe it is wise and the part of good public policy to maintain silence.

It is understood that the report of the state department to be made in answer to the house resolution of inquiry regarding the situation in Cuba will not be made for a week or 10 days. It is explained that the work of preparing the consular reports which will be transmitted will require considerable time. Besides these reports, it is stated, must be scanned by Assistant Secretary Day in person and demands upon his time at present are very great and he has little leisure to give to this work.

### MILLERS AND MIXED FLOUR.

WASHINGTON, Feb. 22.—The hearing on the Pearce wheat flour adulteration bill was closed yesterday by a ways and means committee of the house. M. H. Davis of Shelby, O., president of the Winter Wheat Millers' league, made an urgent plea for the bill as having the approval of the organized milling interests of the country. H. S. Kennedy of Minneapolis cited chemical analyses of adulterants to show injurious ingredients; that the excess of starch could not be otherwise than deleterious to health. J. J. Hanchue of Lansing, Mich., said the millers wanted all mixed flour branded to show its true nature, but they had reached no conclusion yet as to the advisability of taxing these products.

### Takes Justice Field's Circuit.

WASHINGTON, Feb. 22.—In making the new allotment of justices to the various circuits the chief justice yesterday assigned Associate Justice McKenna to the Ninth circuit. He succeeds Justice Field in this circuit.

### Amos R. Eno Dead.

NEW YORK, Feb. 22.—Amos R. Eno, proprietor of the Fifth Avenue hotel, is dead, aged 88 years. He had amassed a fortune estimated at \$18,000,000 by operation in city real estate.

## GIRL'S HEROIC ACT.

Stays in a Burning Hotel Awakening Guests and Has a Narrow Escape.

PHILADELPHIA, Feb. 22.—A disastrous fire occurred here yesterday, resulting in the total destruction of the Johnson House, a hotel owned by Miss Christine Johnson. The house contained between 20 and 30 guests and the fire made such headway that they lost nearly everything and many had hair breadth escapes. No fatalities occurred, but a number of persons were seriously injured. Dr. D. P. Kayner was seriously burned about the head, feet and back. Doctors have expressed small hopes of his recovery. Charles Perkins jumped from the second story and sustained injuries of the spine. S. H. Garrett, a stenographer, jumped from the third story and was also injured in the spine and otherwise bruised.

Annie Pearson, a chambermaid, discovered the fire and remained in the flames had closed every avenue of escape by the stairways and she was compelled to crawl through a window to the Mansard roof, where she was rescued badly burned.

### FOR MURDER.

Illinois Elder Placed on Trial For Killing J. R. Richards.

CARLINVILLE, Ills., Feb. 22.—The trial of Captain Fenwick J. Headley, charged with the killing of John R. Richards in June last, was commenced yesterday. Headley is editor of the Bunker Hill Gazette, a soldier of the civil war, and served as a member of the staff of General Walter Q. Gresham. His victim was mayor of Bunker Hill and a millionaire. There was a young woman in the case and the men had been at swords' points for a long time. Headley shot his victim down on the street. The trial promises to be extremely sensational.

### STATE LIBRARIANS.

They are Holding Inter-State Convention in Chicago.

CHICAGO, Feb. 22.—The first inter-state librarians' conference of the central western states is in session at the Northwestern University in this city. Delegates are present from Ohio, Michigan, Illinois, Wisconsin, Minnesota, Iowa and Indiana. Dr. Henry Wade Rogers, president of the Northwestern University, welcomed the delegates and spoke strongly in favor of librarians organizing a permanent organization. He said the east has formed associations of this kind and today their libraries are established on a basis of far more assistance to the colleges and schools than the libraries in the west.

### STATE MILITIA.

Pennsylvania Officer Receives Orders to Secure Names of All Enlisted Men.

READING, Pa., Feb. 22.—Captain Samuel Willis of the Reading artillery says that their quartermaster has received orders to secure the name and residence of every enlisted man and to verify the same, so that in case they are needed the members will be ready to rendezvous at any place within 24 hours. Another military company of 60 men has been formed and efforts are being made to increase the number to 300 within the next three days.

### THREE BURNED TO DEATH.

Mother Loses Her Life in Attempting to Save Her Child.

ORILLIA, Ont., Feb. 22.—Three members of the family of James Arthur, a Rama township settler, lost their lives in a fire which destroyed their home. Mrs. Arthur and two sons aged 9 and 16, respectively, were the victims. The mother lost her life trying to rescue the younger boy. Agnes, an 18-year-old daughter, and the father were seriously burned.

### Sundry Civil Bill.

WASHINGTON, Feb. 22.—A sweeping reduction of over \$8,000,000 from the amount carried by the current law is made in the sundry civil appropriation bill, reported to the house yesterday, the aggregate appropriation carried being \$44,749,863. The total is \$13,234,451 less than the regular and supplemental official estimates made for the fiscal year 1899, and \$8,861,890 less than the appropriations made for the current fiscal year.

### Reduced the Prices of Corn to Shippers.

SPRINGFIELD, Ills., Feb. 22.—The state board of railway and warehouse commissioners have prevailed upon the Union Stockyards, Chicago, to reduce the price on corn to shippers. The former price, \$1 per bushel, is reduced so as to be satisfactory to the live stock shippers of the state. Several attempts have been made to accomplish this by legislation, but the efforts failed.

### Returned the Flag.

CONCORD, N. H., Feb. 22.—Mrs. P. T. Chase of Lancaster, sister of the late Colonel Cross of the Fifth New Hampshire Volunteers, has returned to the Fourth North Carolina Volunteers, C. S. A., the battleflag captured from that regiment by her brother's regiment at Antietam.

### Rt. Rev. Robert C. Billings Dead.

LONDON, Feb. 22.—Rt. Rev. Robert Claudius Billings, D.D., bishop suffragan of Bedford, is dead. He was prebendary of St. Paul's Cathedral in 1886 and resigned his work as bishop suffragan for North and East London in 1895.

### Fishermen Alive and Well.

MARINETTE, Wis., Feb. 22.—The 12 fishermen who started from Green Island for Marinette during the blizzard and were thought to have been lost have been located, alive and well.

## SHIP ALFONSO XII

Changed Her Moorings Just Before the Maine Blew Up.

### HAD BEEN NEAR THE MAINE.

Passengers on the Ward Line Steamer Segurana Tell of What They Heard and Saw at Havana—Spanish Flags Not at Half Mast—Stoned at the Victims' Funeral.

NEW YORK, Feb. 22.—The Ward line steamer Segurana has arrived at quarantine from Tampico and Havana. She arrived at Havana on the morning after the disaster to the Maine and passed close by the wreck. The Segurana's passengers say that great excitement prevailed at Havana and, at the time of sailing, the foreign population were generally of the opinion that the Maine was destroyed by design. They cited among other things in support of this theory the fact that the Spanish man-of-war, Alfonso XII, which was anchored near the Maine, changed her moorings just previous to the disaster.

C. P. Holcomb of Newcastle, Del., general manager of a street railway in Philadelphia, one of the passengers on board the Segurana, said:

"I went to Havana not at all in sympathy with the insurgents, but on Wednesday when we got to Havana I believe any of the Americans on board was in a mood to commit murder. The flags of the Spanish warships were not at half mast. The vessels of all other nationalities had paid this slight tribute to the dead."

"The contrast between the bearing of the Spaniards and the Cubans is strong. At the funeral of the Maine's seamen, the Cuban women in the streets were almost all dressed in mourning while the Spanish women wore colors. The only American flag I saw in the whole procession were two small ones about three by six inches. I went aboard the Alfonso XII and was received politely."

### Broke His Toilet Bottles.

The only expression of regret I heard there was from an officer who complained that the force of the Maine explosion had broken his toilet bottles. There can be no mistaking the indifference of the Spaniards in Havana over the loss of the warship and those on board. On Thursday, while driving to the cemetery with two American friends, I was assailed with jeers and someone threw a large stone at our carriage."

E. W. Bobbett of this city, who was with Mr. Holcomb in the carriage, added: "That's perfectly true. In fact, children yelled after us that they had blown up the 'Americano,' and that they were glad of it. I did not hear a single expression of regret for the terrible loss of life from any Spaniard during the time I was in Havana."

Frank Weinheimer, an eye witness of the explosion and a fellow passenger of Mr. Holcomb, said: "On Tuesday evening I strolled down to the river front for a breath of fresh air. I was about 300 yards from the Maine. The first intimation I had of an explosion was a crunching sound. Then there came a terrible roar. It looked as though the whole inside of the ship had been blown out. Many persons on the pier were nearly thrown from their feet by the force of the explosion. The air became stifling with smoke."

### Received in a Frigid Manner.

NEW YORK, Feb. 22.—When Captain Enlat called on Mayor Van Wyck, after visiting Admiral Bunce, he was received in the most frigid manner possible—no special honors whatever being shown him. It is probable the Vizcaya will leave this port Thursday.

### MRS. WILLIAM C. WHITNEY.

Serious Accident Overtakes the Lady While Riding After Hounds.

AIKEN, S. C., Feb. 22.—While following the deer hounds yesterday Mrs. William C. Whitney, wife of ex-Secretary of the Navy Whitney, was knocked from her horse and quite seriously hurt. Mr. Whitney and wife with a party of 35 or 40 friends were out on a deer hunt two miles from the city at Robinson's park. Mrs. Whitney was among the leaders and was riding at a fast gallop along a narrow path, a short distance from the roadway. Nailed across the path was a scuttling which Mrs. Whitney did not see until too late. She was riding so fast she could not stop in time to save herself and was carried directly against the piece of wood. She was struck in the forehead and knocked from her horse. Luckily her saddle stirrup was of the safety pattern and her foot did not catch when she was thrown to the ground. When picked up she was unconscious and had a long ugly gash just above the eyes. She was carried to her palatial residence in this city where Dr. Valentine Mott, of New York, who was in the party, attended to her injuries. He pronounced her wounds very painful and said that she would be confined to her room for some time.

### Senate and House.

WASHINGTON, Feb. 22.—It was private bill day in the house yesterday and most of the time was consumed in passing pension bills. There was a spirited contest over the bill to pay Newberry college in South Carolina \$15,000 damages by federal troops, but it was finally passed. For three hours the senate discussed the bill providing for taking the 12th census and then adopted the Allen resolution instructing the naval committee to investigate the sinking of the Maine in Havana harbor.

### OHIO EPILEPTIC HOSPITAL.

Removes Afloat of a Proposed Investigation.

COLUMBUS, O., Feb. 22.—The State Hospital for Epileptics is about to be investigated, according to rumor. The newly appointed trustee, L. F. Mack of Sandusky, has been here and called at the governor's office. He was not communicative in regard to the object of his visit, but it is believed he desired to consult the governor about the Gallipolis institution. As Governor Bushnell was out of the city, nothing could be done. Superintendent Rutter has made some enemies among the citizens of Gallipolis, who are clamoring for a change of management.

### EIGHT PERSONS INJURED.

Wreck on the Pennsylvania Road Near New Washington, O.

NEW WASHINGTON, O., Feb. 22.—Late yesterday afternoon a Pennsylvania freight train crashed into a combination coach at the Northern Ohio railway crossing here, breaking the car in two and dragging it 300 feet. Eight persons were in the car and all were injured, the following seriously:

William Dewinger, Lemont, O.

Postmaster Thompson, Plankton, O.

J. Obermiller, Sandusky, O.

Mrs. Jay Lyttle, Carey, O.

A woman and baby from Detroit.

The track was blocked for three hours.

### Massillon Postoffice Robbed.

MASSILLON, O., Feb. 22.—The Massillon postoffice was robbed, the safe being blown almost to atoms. The report attracted many persons, but the burglars escaped without being seen. They stole George Snyder's horse and Perry Young's buggy and drove rapidly toward Canton. They secured \$150 in stamps, some money and two registered packages, overlooking many more.

### Judgment Against a County.

SPRINGFIELD, Ills., Feb. 22.—In the United States circuit court Judge Allen has rendered judgment against the county of Perry on \$98,000 bonds issued in aid of the Chester and Lanoran Coal and Railroad company in favor of New York, Connecticut and Vermont holders.

### Michigan Republican League.

DETROIT, Feb. 22.—The Michigan Republican league at its annual meeting last night unanimously endorsed E. N. Dingley of Kalamazoo, son of Congressman Nelson Dingley, for election as president of the National Republican league.</

# RULES GOVERNING REPUBLICAN PRIMARY.

The respective voting places will be as follows:

- 1st Ward polls at the city building.
- 2nd Ward polls at Miller & Massman's office Opera House block.
- 3rd Ward Polls at Hanlon's shop on High street.
- 4th Ward polls at H. P. Miller's shop on Walnut street.
- 5th Ward polls at Kreuger's shoe shop.

Polls will be opened promptly at 1 o'clock p. m. and close promptly at 8 o'clock p. m.

The primary will be held under the Australian ballot law as amended, the voter using a pencil instead of a stamp or make his X designating the persons he wishes to vote for. The tickets will contain the names of all the republican candidates for mayor, marshal, treasurer, clerk and city judge and also the names of all candidates for councilman in the respective wards.

The candidates receiving the greatest number of votes for the respective offices shall be declared the nominees of the party and be placed on the Republican ticket to be voted for at the City election, May 3, 1898.

Every candidate at the Primary thereby pledges himself to abide by the result and agrees to give all the nominees his hearty support.

POLITICAL BREVITIES.

In another column today appears the announcement of A. W. Mills for mayor of the city of Seymour. Mr. Mills is one of the most active and progressive business men in Seymour and has always taken a keen interest in the welfare of the city. He has an enthusiastic following.

Clark C. Moore was a candidate for marshal a few days but met with such advice from party leaders that he concluded to withdraw which he quietly did. Frank P. Groff is the latest entry in that race, which is not proving to be a free-for-all even though more names are on the slate than the bosses ever intended.

There is a row in the democratic ranks in Brownstown township. John Horstman and Henry Persinger are recognized as the leading aspirants for the nomination for trustee, but Henry Vahl wants to be in the push which will naturally cost both Persinger and Horstman some votes and advance the cause of some "dark horse," meanwhile the republicans are lying low and sawing wood.

Today William Duckworth announces his candidacy for city marshal, subject to the republican primary election. For many years Mr. Duckworth has resided in Seymour and has a large acquaintance with the residents of the city and is held in high esteem. He has served in the city council acceptably and is well informed on the affairs of the city. He enters the race with the influence and support of a host of friends.

## DOUBLE TRAGEDY.

TRUSTEE CHARLES BOLLES SHOT  
CHARLES WILSON AT CANA YES-  
TERDAY.

Then Goes Home and Kills Himself—No Cause Assigned for the Deed.

Yesterday afternoon about 4 o'clock a double tragedy was enacted in or near the quiet little town of Cana in Jennings county, about fifteen miles southeast of Seymour. Charles Bolles, trustee of Marion township, and Charles Wilson, who had worked for Bolles until recently, were in Jerry Tobias' store along with others. There was no indication of any trouble between them nor had there been any trouble previously so far as could be learned. They stepped out of the store together, so quietly that some of the men inside did not know of their going out until they heard the cry of "Murder!" and the shooting outside. Rushing out they saw Bolles catch Wilson by the coat collar and fire the last shot into his head. Five shots were fired, two of them striking Wilson in the back, one under each shoulder blade and the other three in the back and side of the head. Wilson lived about a half hour after the shooting but refused to assign any cause for the terrible deed.

Meanwhile Bolles had gone rapidly to his home a mile and a half away. When he went into the house he smoothed his hair then stepping into the bedroom stood before the mirror and shot himself behind the ear with the same gun he had used with such deadly effect on Wilson. Death resulted almost instantly.

Both men stood well in the community and no one is able to assign any cause for the tragedy, though one report states that they had had some trouble over a settlement for work.

Bolles was 34 years old and leaves a wife and three children who have the sympathy of the entire community in their awful loss. Wilson was a single man about 21 years of age.

## WILL ASK INDEMNITY.

If It is Ascertained That The Maine Was  
Wrecked by Spainards.

Special to the REPUBLICAN.

NEW YORK, Feb. 22 1898. 3:40 p. m.:—The Journal Washington correspondent telegraphs that it should be learned that the Maine was destroyed by an outside explosion with the knowledge of Spanish officials. President McKinley will demand indemnity in the sum of \$15,000,000. This statement was made today by an officer of the navy department who is thoroughly conversant with the present Spanish situation.

Details of wrecking expedition complete. The tug Right Arm will proceed at once from Key West with three divers to assist those there. The Monarch will also follow with total equipment.

## DOUBLE TRAGEDY.

TRUSTEE CHARLES BOLLES SHOT CHARLES WILSON AT CANA YESTERDAY.

Then Goes Home and Kills Himself—No Cause Assigned for the Deed.

Yesterday afternoon about 4 o'clock a double tragedy was enacted in or near the quiet little town of Cana in Jennings county, about fifteen miles southeast of Seymour. Charles Bolles, trustee of Marion township, and Charles Wilson, who had worked for Bolles until recently, were in Jerry Tobias' store along with others. There was no indication of any trouble between them nor had there been any trouble previously so far as could be learned. They stepped out of the store together, so quietly that some of the men inside did not know of their going out until they heard the cry of "Murder!" and the shooting outside. Rushing out they saw Bolles catch Wilson by the coat collar and fire the last shot into his head. Five shots were fired, two of them striking Wilson in the back, one under each shoulder blade and the other three in the back and side of the head. Wilson lived about a half hour after the shooting but refused to assign any cause for the terrible deed.

Meanwhile Bolles had gone rapidly to his home a mile and a half away. When he went into the house he smoothed his hair then stepping into the bed room stood before the mirror and shot himself behind the ear with the same gun he had used with such deadly effect on Wilson. Death resulted almost instantly.

Both men stood well in the community and no one is able to assign any cause for the tragedy, though one report states that they had had some trouble over a settlement for work.

Bolles was 34 years old and leaves a wife and three children who have the sympathy of the entire community in their awful loss. Wilson was a single man about 21 years of age.

"I have used Salvation Oil for frayed feet and headache and found it to be the best remedy and cure for pain on earth. Mrs. Maggie Nieder, Mt. Pleasant, Westmoreland Co., Pa.

### IT ALL WILL COME OUT RIGHT.

Whatever is an evil wrong, Whichever is unjust, The honest years that speed along Will trample in the dust. In restless youth I railed at fate With all my puny might, But now I know if I but wait It all will come out right.

Though vice may don the judge's crown, And play the censor's part, And fact be cowed by falsehood's frown, And nature ruled by art, Though labor toils through blinding tears, And idle wealth is might, I know the honest, earnest years Will bring it all out right.

Though poor and loveless creeds may pass For pure religion's gold, Though ignorance may rule the man, While truth meets glances cold, I know a law supreme, sublime, Controls us with its might, And in God's own appointed time It all will come out right.

—Ella Wheeler Wilcox.

When Philadelphia Was the Greatest City in the American Colonies.

In 1774 Philadelphia was the largest town in the American colonies. Estimates of the population, which are all we have, differ widely, but it was probably not far from 30,000. A single city now has a larger population than all the colonies possessed in 1774, and there are in the United States today 104 cities and towns of over 30,000 inhabitants. Figures alone, however, cannot express the difference between those days and our own. Now a town of 30,000 people is reached by railroads and telegraphs. It is in close touch with all the rest of the world. Business brings strangers to it constantly, who come like shadows and so depart, unnoticed, except by those with whom they are immediately concerned. It was not so in 1774, not even in Philadelphia, which was as nearly as possible the central point of the colonies as well as the most populous city.

Thanks to the energy and genius of Franklin, Philadelphia was paved, lighted and ordered in a way almost unknown in any other town of that period. It was well built and thriving. Business was active, and the people were thrifty and prosperous and lived well. Yet, despite all these good qualities, we must make an effort of the imagination to realize how quietly and slowly life moved then in comparison to the pace of today.

There in Philadelphia was the center of the postal system of the continent, and the recently established mail coach called the "Flying Machine," not in jest but in praise, performed the journey to New York in the hitherto unequalled time of two days. Another mail at longer intervals crept more slowly to the south. Vessels of the coastwise traffic or from beyond seas came into port at uncertain times and after long and still more uncertain voyages. The daily round of life was so regular and so quiet that any incident or any novelty drew interest and attention in a way which would now be impossible.—Senator Henry Cabot Lodge in Scribner.

### How Grant Saved Two Nations From War.

Hon. John Russell Young, a former United States minister to China, regards General Grant's part in arranging a treaty of peace between China and Japan as one of the shining achievements of his career. Writing of "When Grant Went Round the World" in "The Ladies' Home Journal," Mr. Young says Prince Kung, then a sort of regent for China, in his conversations at Peking with General Grant, talked with earnestness upon the relations between China and Japan. This led to a message from the prince to the mikado, an extraordinary incident little known in the histories, and the whole business in time to be so managed by the general that war between the two nations was postponed. "At Nikko, Japan, General Grant met the Japanese ministers, who came with him the message he had brought from Prince Kung and Li Hung Chang, Count Ito, secretary of the interior; Count Saigo, the minister of war; Count Inouye, foreign minister, and Mr. Yoshida, the Japanese envoy to Washington, composed the embassy. They sat in a little temple (the afternoon sultry, a thunder storm rattling among the hills) and discussed the issues. In the end was a letter addressed to Prince Kung and the Japanese prime minister, containing suggestions which were accepted by both governments. It was a basis of peace not to be broken for many years. So it will be seen that there were useful days, as well as days of pageantry, in Japan. General Grant in time became not alone the friend but the companion of the mikado and his

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain, fibre, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy.

Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the men of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have been fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

## Chronic Dyspepsia Cured.

**Chronic Dyspepsia Cured.**  
After suffering for nearly thirty years from dyspepsia, Mrs. E. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 25 years, I was a constant sufferer from dyspepsia and a weak stomach. The slightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Blood Tonic. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I kept them at hand and a single dose dispels any old symptoms."

PLUNGER IN WHEAT.

Louisville Man Who Cleared \$100,000 on the Market.

LOUISVILLE, Feb. 22.—William F. Norton, the millionaire owner of the Auditorium theater here, has been the biggest and most successful plunger in wheat this winter in Louisville, and one of the largest outside of Chicago. It is reliably stated that he has cleared \$100,000 on his operations. He began buying about the same time the market fell, and, though operating in a much more modest way, his investment has been very large.

When the market got high he sold out, and when there came a reaction he went in heavily again. At the low point in January he bought 1,000,000 bushels, which he has closed out at a profit of 7 cents a bushel. Mr. Norton has not speculated much since the famous deal engineered by Harper of Cincinnati. He went into that heavily and did not give up until he had dropped \$73,000.

AT PHILADELPHIA.

President McKinley Delivers an Address at the Academy of Music.

PHILADELPHIA, Feb. 22.—President McKinley, accompanied by his secretary, J. Addison Porter, arrived here last evening over the Pennsylvania railroad. The president was met by Frank Thompson, Charles C. Harrison, provost of the University of Pennsylvania and C. Stuart Patterson. The party was driven to the residence of Mr. Harrison, whose guest the president will be during his stay in the city. The president today delivered an oration at the Washington birthday exercises at the Academy of Music.

Last night an informal supper was given by Provost Harrison in honor of the president.

SELF PUNISHMENT.

Long Fast of a Man Who Thinks He Disobeyed a Call to Preach.

GUTHRIE, O. T., Feb. 22.—S. P. Winslow, of Springfield, Ill., who came here six weeks ago, traveling for an embroidery machine, and later became convinced that he had offended the Holy Ghost and must expiate his sin by fasting, has now fasted for 18 days, looks like a skeleton and is scarcely able to walk.

He says he must endure this until he gets a sign from God that he is forgiven for refusing to obey a call to preach the gospel years ago.

He has a family in Springfield and seems to be rational and sane on all other subjects.

WORKMEN OBJECTED.

Twelve Spanish Flags Pulled Down and Torn Into Shreds.

DAYTON, O., Feb. 22.—The National Cash Register company is holding a convention of agents from all over the world, and, among other countries, Spain is represented. In honor of the various nations the different flags were displayed at the factory. Objection was made to the Spanish flag by the workmen and 12 Spanish flags were pulled down and torn into shreds. John H. Patterson, president of the company, ordered 24 Spanish flags put up to replace the ones torn down. This has made the 2,000 workmen angry and trouble is feared.

The advantage of a policeman over a burglar is that the officer has the law on his side. Health has the same advantage over disease. The Law of Nature is for people to be healthy. When they are sick Nature helps to cure them. Nature's law is the guide for curing sick people. There is no way but Nature's way. What the doctors call many different diseases are all the same. Nature cures in one way; by nourishing the whole body with good, pure, rich blood. That is Nature's way of curing scrofula, erysipelas, kidney and liver complaint, consumption and every form of eruptive and wasting disease. When you want to help Nature with medicine the medicine must work the same way as Nature works, then it has the laws of Nature on its side to make it powerful. That is the secret of Dr. Pierce's Golden Medical Discovery's wonderful cures. It assists Nature according to her own laws; it is on Nature's side and Nature helps it; it imparts new power to the nutritive and building organs to create a large quantity of fresh, red, healthy blood which drives every germ of disease out of the system and builds up strong healthy tissues and solid flesh. The "Discovery" completely cures away every form of blood-disease from the system; it even cures consumption. It is the only true radical cure for that disease; facts and testimony to prove it.

"I would like to tell the whole world what your 'Golden Medical Discovery' has done for me. The doctor, who is considered an expert on lung troubles, told me I had consumption. He said both my lungs were diseased and I could not live long. I felt down-hearted for I have dear little children to live for. I just went to him to get his opinion. I am glad I did for now I know what your medicine will do. When I started on the second bottle I was better in every way and was able to take a walk on every fine day. I enjoyed my sleep, my appetite was good, and by the time I had finished the second bottle I began to feel like a new woman. I still had a cough, so I got a third bottle and by the time it was half gone I was completely cured."

## SIGSBEE TESTIFIES

But the Board of Inquiry Refuses to Give Out Testimony.

### EXPLODED COPPER CYLINDER

Developments at Washington Were of a Negative Character—Captain Sigsbee Making strenuous efforts to Recover Bodies—House Leaders Policy in Cuban Matters.

HAVANA, Feb. 22.—Captain Sigsbee was the first witness before the board of inquiry yesterday. He was under examination until late in the afternoon, after which the board adjourned. It is probable that no further witnesses will be heard until the board makes a careful personal examination of the wreck.

Captain Sampson of the board, in an interview, said he would be glad to give newspaper correspondents news, but owing to the delicate situation the board had decided to make nothing whatever public. He said the board did not know what testimony may develop or when, and it was only fair to the Spanish government not to tell the public the testimony until all had been received and the findings considered.

He continued: "This rule is absolute. Due care will be taken for the rigid enforcement of it, and all stories purporting to come from the court should be set down as false."

Consul General Lee says the Spanish officials are not interfering with the investigation into the causes of the disaster. This morning he escorted the officers of the board of inquiry to pay visits of ceremony to the captain general and to Admiral Manteola.

The divers have found a copper cylinder used in conveying cables to the 6-inch guns. The fact that it had exploded seems to show that there was an explosion in the magazine for fixed ammunition on the port side, forward.

MAINE DISASTER.

News at Washington Not Exciting—Special Telegram Service Discontinued.

WASHINGTON, Feb. 22.—Developments in the Maine disaster yesterday were of a negative character, greatly to the disappointment of a considerable number of persons who were looking for some startling discovery by a diver working in the sunken hull.

For very obvious reasons Captain Sigsbee at Havana is making the most strenuous efforts to hasten the recovery of the bodies, probably nearly 100 in number, still imprisoned in the wreck of the Maine. It was a knowledge of the captain's desire that probably led Consul General Lee to notify the state department of the need for more divers. This had the desired effect, for the navy department took action to send more help.

Admiral Sigsbee telegraphed from Key West yesterday afternoon that he had sent five divers to Captain Sigsbee, and asked if that was sufficient. The admiral was directed to put himself in communication with Captain Sigsbee and learn his needs at first hands.

The business of the navy department is getting back to its normal condition, as is evidenced by the fact that an order has been issued to discontinue the special telegraph service which was established with Key West, and hereafter the office at that place will close at 10 o'clock at night as formerly. Commander Forsythe, the commandant at Key West, has also asked permission of the department to stop his daily bulletins and this has been granted.

HOUSE POLICY.

Leaders Will Attempt to Keep Cuba in the Background.

WASHINGTON, Feb. 22.—It is stated that it will be the policy of the house leaders to prevent, as far as possible, any agitation of matters relating to Cuba or the Maine disaster in the immediate future. Pending the result of the official investigation they believe it is wise and the part of good public policy to maintain silence.

It is understood that the report of the state department to be made in answer to the house resolution of inquiry regarding the situation in Cuba will not be made for a week or 10 days. It is explained that the work of preparing the consular reports which will be transmitted will require considerable time. Besides these reports, it is stated, must be scanned by Assistant Secretary Day in person and demands upon his time at present are very great and he has little leisure to give to this work.

MILLERS AND MIXED FLOUR.

WASHINGTON, Feb. 22.—The hearing on the Pearce wheat flour adulteration bill was closed yesterday by a ways and means committee of the house. M. H. Davis of Shelby, O., president of the Winter Wheat Millers' league, made an urgent plea for the bill as having the approval of the organized milling interests of the country. H. S. Kennedy of Minneapolis cited chemical analyses of adulterants to show injurious ingredients; that the excess of starch could not be otherwise than deleterious to health. J. J. Hainsworth of Lansing, Mich., said the millers wanted all mixed flour branded to show its true nature, but they had reached no conclusion yet as to the advisability of taxing these products.

Takes Justice Field's Circuit.

WASHINGTON, Feb. 22.—In making the new allotment of justices to the various circuits the chief justice yesterday assigned Associate Justice McKenna to the Ninth circuit. He succeeds Justice Field in this circuit.

## GIRL'S HEROIC ACT.

Stays in a Burning Hotel Awakening Guests and Has a Narrow Escape.

PRESCOTT, A. T., Feb. 22.—A disastrous fire occurred here yesterday, resulting in the total destruction of the Johnson House, a hotel owned by Miss Christine Johnson. The house contained between 20 and 30 guests and the fire made such headway that they lost nearly everything and many had hair breadth escapes. No fatalities occurred, but a number of persons were seriously injured. Dr. D. P. Kayner was seriously burned about the head, feet and back. Doctors have expressed small hopes of his recovery. Charles Perkins jumped from the second story and sustained injuries of the spine. S. H. Garrett, a stenographer, jumped from the third story and was also injured in the spine and otherwise bruised.

Amie Pearson, a chambermaid, discovered the fire and remained in third story awakening guests till the flames had closed every avenue of escape by the stairways and she was compelled to crawl through a window to the Mansard roof, where she was rescued badly burned.

FOR MURDER.

Illinois Editor Placed on Trial For Killing J. R. Richards.

CARLEVILLE, Ills., Feb. 22.—The trial of Captain Fenwick Y. Headley, charged with the killing of John R. Richards in June last, was commenced yesterday. Headley is editor of the Bunker Hill Gazette, a soldier of the civil war, and served as a member of the staff of General Walter Q. Gresham. His victim was mayor of Bunker Hill and a millionaire. There was a young woman in the case and the men had been at sword's points for a long time. Headley shot his victim down on the street. The trial promises to be extremely sensational.

STATE LIBRARIANS.

They are Holding Inter-State Convention in Chicago.

CHICAGO, Feb. 22.—The first inter-state librarians' conference of the central western states is in session at the Northwestern University in this city. Delegates are present from Ohio, Michigan, Illinois, Wisconsin, Minnesota, Iowa and Indiana. Dr. Henry Wade Rogers, president of the Northwestern University, welcomed the delegates and spoke strongly in favor of librarians organizing a permanent organization. He said the east has formed associations of this kind and today their libraries are established on a basis of far more assistance to the colleges and schools than the libraries in the west.

STATE MILITIA.

Pennsylvania Officer Receives Orders to Secure Names of All Enlisted Men.

READING, Pa., Feb. 22.—Captain Samuel Willits of the Reading artillery says that their quartermaster has received orders to secure the name and residence of every enlisted man and to verify the same, so that in case they are needed the members will be ready to rendezvous at any place within 24 hours. Another military company of 60 men has been formed and efforts are being made to increase the number to 300 within the next three days.

THREE BURNED TO DEATH.

Mother Loses Her Life in Attempting to Save Her Child.

ORILLIA, Ont., Feb. 22.—Three members of the family of James Arthur, a Rama township settler, lost their lives in a fire which destroyed their home. Mrs. Arthur and two sons aged 9 and 16, respectively, were the victims. The mother lost her life trying to rescue the younger boy. Agnes, an 18-year-old daughter, and the father were seriously burned.

Sundry Civil Bill.

WASHINGTON, Feb. 22.—A sweeping reduction of over \$5,000,000 from the amount carried by the current law is made in the sundry civil appropriation bill, reported to the house yesterday, the aggregate appropriation carried being \$44,749,863. The total is \$13,394,451 less than the regular and supplemental official estimates made for the fiscal year 1899, and \$8,861,890 less than the appropriations made for the current fiscal year.

Reduced the Prices of Corn to Shippers.

SPRINGFIELD, Ills., Feb. 22.—The state board of railway and warehouse commissioners have prevailed upon the Union Stockyards, Chicago, to reduce the price on corn to shippers. The former price, \$1 per bushel, is reduced so as to be satisfactory to the live stock shippers of the state. Several attempts have been made to accomplish this by legislation, but the efforts failed.

Returned the Flag.

CONCORD, N. H., Feb. 22.—Mrs. P. F. Chase of Lancaster, sister of the late Colonel Cross of the Fifth New Hampshire Volunteers, has returned to the Fourth North Carolina Volunteers, C. S. A., the battle flag captured from that regiment by her brother's regiment at Aftam.

Rt. Rev. Robert C. Billings Dead.

LONDON, Feb. 22.—Rt. Rev. Robert Claudius Billings, DD., bishop suffragan of Bedford, is dead. He was prebendary of St. Paul's Cathedral in 1886 and resigned his work as bishop suffragan for North and East London in 1895.

Fishermen Alive an Well.

MARINETTE, Wis., Feb. 22.—The 12 fishermen who started from Green Island for Marinette during the blizzard and were thought to have been lost have been located, alive and well.

Amos R. Eno Dead.

NEW YORK, Feb. 22.—Amos R. Eno, proprietor of the Fifth Avenue hotel, is dead, aged 88 years. He had amassed a fortune estimated at \$16,000,000 by operation in city real estate.

## SHIP ALFONSO XII

Changed Her Moorings Just Before the Maine Blew Up.

### HAD BEEN NEAR THE MAINE.

Passengers on the Ward Line Steamer Segurana Tell of What They Heard and Saw at Havana—Spanish Flags Not at Half Mast—Stoned at the Victims' Funeral.

NEW YORK, Feb. 22.—The Ward line steamer Segurana has arrived at quarantine from Tampico and Havana. She arrived at Havana on the morning after the disaster to the Maine and passed close by the wreck. The Segurana's passengers say that great excitement prevailed at Havana and, at the time of sailing, the foreign population were generally of the opinion that the Maine was destroyed by design. They cited among other things in support of this theory the fact that the Spanish man-of-war, Alfonso XII, which was anchored near the Maine, changed her moorings just previous to the disaster.

C. P. Holcomb of Newcastle, Del., general manager of a street railway in Philadelphia, one of the passengers on board the Segurana, said:

"I went to Havana not at all in sympathy with the insurgents, but on Wednesday when we got to Havana I believe any of the Americans on board was in a mood to commit murder. The flags of the Spanish warships were not at half mast. The vessels of all other nationalities had paid this slight tribute to the dead."

"The contrast between the bearing of the Spaniards and the Cubans is strong. At the funeral of the Maine's seamen, the Cuban women in the streets were almost all dressed in mourning while the Spanish women wore colors. The only American flags I saw in the whole procession were two small ones about three by six inches. I went aboard the Alfonso XII and was received politely. Broke His Toilet Bottles.

The only expression of regret I heard there was from an officer who complained that the force of the Maine explosion had broken his toilet bottles. There can be no mistaking the indifference of the Spaniards in Havana over the loss of the warship and those on board. On Thursday, while driving to the cemetery with two American friends, I was assailed with jeers and someone threw a large stone at our carriage."

F. W. Bobbitt of this city, who was with Mr. Holcomb in the carriage, added: "That's perfectly true. In fact, children yelled after us that they had blown up the 'Americano,' and that they were glad of it. I did not hear a single expression of regret for the terrible loss of life from any Spaniard during the time I was in Havana."

Frank Weinheimer, an eye witness of the explosion and a fellow passenger of Mr. Holcomb, said: "On Tuesday evening I strolled down to the river front for a breath of fresh air. I was about 300 yards from the Maine. The first intimation I had of an explosion was a crunching sound. Then there came a terrible roar. It looked as though the whole inside of the ship had been blown out. Many persons on the pier were nearly thrown from their feet by the force of the explosion. The air became stifling with smoke."

Mr. Weinheimer said he heard an excited Spaniard declare shortly after the explosion that if the Americans sent another warship it also would be blown up.

Received in a Frigid Manner.

NEW YORK, Feb. 22.—When Captain Enlat called on Mayor Van Wyck, after visiting Admiral Bunce, he was received in the most frigid manner possible—no special honors whatever being shown him. It is probable the Vizcaya will leave this port Thursday.

MRS. WILLIAM C. WHITNEY.

Serious Accident Overtakes the Lady While Riding Over Hounds.

AIKEN, S. C., Feb. 22.—While following the deer hounds yesterday Mrs. William C. Whitney, wife of ex-Secretary of the Navy Whitney, was knocked from her horse and quite seriously hurt. Mr. Whitney and wife with a party of 35 or 40 friends were out on a deer hunt two miles from the city at Robinson's park. Mrs. Whitney was among the leaders and was riding at a fast gallop along a narrow path, a short distance from the roadway. Nailed across the path was a scuffling which Mrs. Whitney did not see until too late. She was riding so fast she could not stop in time to save herself and was carried directly against the piece of wood. She was struck in the forehead and knocked from her horse. Luckily her saddle stirrup was of the safety pattern and her foot did not catch when she was thrown to the ground. When picked up she was unconscious and had a long ugly gash just above the eyes. She was carried to her palatial residence in this city where Dr. Valentine Mott, of New York, who was in the party, attended to her injuries. He pronounced her wounds very painful and said that she would be confined to her room for some time.

Senate and House.

WASHINGTON, Feb. 22.—It was private bill day in the house yesterday and most of the time was consumed in passing pension bills. There was a spirited contest over the bill to pay Newberry college in South Carolina \$15,000 damages by federal troops, but it was finally passed. For three hours the senate discussed the bill providing for taking the 12th census and then adopted the Allen resolution instructing the naval committee to investigate the sinking of the Maine in Havana harbor.

OHIO EPILEPTIC HOSPITAL.

Removal of a Proposed Investigation.

COLUMBUS, O., Feb. 22.—The State Hospital for Epileptics is about to be investigated, according to rumor. The newly appointed trustee, I. F. Mack of Sandusky, has been here and called at the governor's office. He was not communicative in regard to the object of his visit, but it is believed he desired to consult the governor about the Gallopis institution. As Governor Bushnell was out of the city, nothing could be done. Superintendent Rutter has made some enemies among the citizens of Gallopis, who are clamoring for a change of management.

EIGHT PERSONS INJURED.

Wreck on the Pennsylvania Road Near New Washington, O.

NEW WASHINGTON, O., Feb. 22.—Late yesterday afternoon a Pennsylvania freight train crashed into a combination coach at the Northern Ohio railway crossing here, breaking the car in two and dragging it 300 feet. Eight persons were in the car and all were injured, the following seriously:

William Dwyer, Lemont, O.  
Postmaster Thompson, Plankton, O.  
J. Obenier, Stafford, O.  
Mrs. Jay Lytle, Carey, O.  
A woman and baby from Detroit.  
The track was blocked for three hours.

Massillon Postoffice Robbed.

MASSILLON, O., Feb. 22.—The Massillon postoffice was robbed, the safe being blown almost to atoms. The report attracted many persons, but the burglars escaped without being seen. They stole George Snyder's horse and Perry Young's buggy and drove rapidly toward Canton. They secured \$150 in stamps, some money and two registered packages, overlooking many more.

Judgment Against a County.

SPRINGFIELD, Ills., Feb. 22.—In the United States circuit court Judge Allen has rendered judgment against the county of Perry on \$98,000 bonds issued in aid of the Chester and Lamar coal and railroad company in favor of New York, Connecticut and Vermont holders.

## DOUBLE TRAGEDY.

TRUSTEE CHARLES BOLLES SHOT CHARLES WILSON AT CANA YESTERDAY.

Then Goes Home and Kills Himself—No Cause Assigned for the Deed.

Yesterday afternoon about 4 o'clock a double tragedy was enacted in or near the quiet little town of Cana in Jennings county, about fifteen miles southeast of Seymour. Charles Bolles, trustee of Marion township, and Charles Wilson, who had worked for Bolles until recently, were in Jerry Tobias' store along with others. There was no indication of any trouble between them and there had been any trouble previously so far as could be learned. They stepped out of the store together, so quietly that some of the men inside did not know of their going out until they heard the cry of "Murder!" and the shooting outside. Rushing out they saw Bolles catch Wilson by the coat collar and fire the last shot into his head. Five shots were fired, two of them striking Wilson in the back, one under each shoulder blade and the other three in the back and side of the head. Wilson lived about a half hour after the shooting but refused to assign any cause for the terrible deed.

Meanwhile Bolles had gone rapidly to his home a mile and a half away. When he went into the house he smoothed his hair then stepping into the bed room stood before the mirror and shot himself behind the ear with the same gun he had used with such deadly effect on Wilson. Death resulted almost instantly.

Both men stood well in the community and no one is able to assign any cause for the tragedy, though one report states that they had had some trouble over a settlement for work.

Bolles was 34 years old and leaves a wife and three children who have the sympathy of the entire community in their awful loss. Wilson was a single man about 24 years of age.

perity attend them.

Free of Charge to Sufferers.

Cut this out and take it to your drug-

gist and get a sample bottle free of Dr.

King's New Discovery for Consumption,

Coughs and Colds. They do not ask you

to buy before trying. This will show you

the great merits of this truly wonder-

ful remedy, and show you what can be

accomplished by the regular size

bottle. This is no experiment and

would be disastrous to the proprietors,

did they not know it would invariably

cure. Many of the best physicians are

now using it in their practice with great

results, and are relying on it in most

severe cases. It is guaranteed. Trial

bottles free at W. F. Peter's drug store.

Miss Anna Rider, sixteen year old

daughter of John Rider, of Crothersville,

is critically ill with lung trouble, the

result of measles.

Chamberlain's Cough Remedy Always

Proves Effective.

There are no better medicines on the

market than Chamberlain's. We have

used the Cough Remedy when all other

remedies failed, and in every instance it

proved effective. Almost daily we

hear the virtues of Chamberlain's reme-

dies extolled by those who have used

them. This is not an empty puff, paid

for at so much a line, but is voluntarily

given in good faith, in the hope that

suffering humanity may try these reme-

dies, and like the writer, be benefited.

## DUDLEYTOWN.

Uncle Henry Snyder is visiting re-

latives at Vallonia this week.

Diphtheria and measles seem to be

no longer a pest to this vicinity.

Harmon H. Hilderbrand and Henry

Klinge, sr., are on the sick list.

Henry Krumme made a business trip

to Crothersville one day last week.

Henry Holle, of Vallonia, spent Mon-

day and Tuesday at Wm. Brethauer's.

poultry business and has several incu-

bators. He understands the business

and will undoubtedly make a success.

Doctors O'neiman and Green have

had a little rest the last three weeks

but if the weather continues to be so

damp and changeable much sickness

may follow.

Dudleytown is like all other villages,

has some items that may be of interest

to the neighboring towns and local-

ities. Though the items may be short

and few, we desire to have them pub-

lished in this valuable and interesting

home paper, THE REPUBLICAN.

The Coming Woman.

Who goes to the club while her

husband tends the baby, as well as the

good old fashioned women who look

after her home will both at times get

run down in health. They will be

troubled with loss of appetite, headache

sleeplessness, fainting or dizzy spells.

The most wonderful remedy for these

women is Electric Bitters. Thousands

of sufferers from Lame Back and Weak

Kidneys rise up and call it blessed. It

is the medicine for women. Female

complaints and nervous troubles of all

kind are soon relieved by the use of

Electric Bitters. Delicate women should

keep this remedy on hand to build up

the system. Only 50c per bottle. For

sale by W. F. Peter.
